

## THE ESSENCE OF ART AT THE KIDS CLUB

This season, the Château Saint-Martin & Spa's Kids Club is excited to unveil a program of fun activities for our young guests. Alongside Martin Le Lapin, adventurers aged 4 to 14 are invited to participate in daily outdoor or indoor workshops and activities.

For the rest of the day, children can engage in their favorite hobbies: board games, creative workshops, or interactive games.

Open from June 30th to August 31st from 10.00 am to 6.00 pm.

### ASPIRING ARTIST

From pets to magical creatures, let your creativity soar in clay, then gracefully adorn your doorknob with your name or inspiring designs. Take home your masterpieces to proudly display your artistic expression to family and friends.

### GREEN KIDS

Nature lovers will be charmed by this workshop. Learn to decorate a tranquil retreat for birds, nestled in the serenity of summer, alongside the joy of harvesting aromatic herbs. Take part in our involvement with the Bird Protection League (LPO).

### CHEF MARTIN

Attention all foodies! Participate in a hands-on creation workshop where everyone will enjoy decorating cookies. Then, enjoy them with your family or with other children.

### RABBIT OLYMPICS

Fun and stimulating challenges await you: potato sack races, blind test of nature sounds, mystery boxes, blind tasting and more...

### TREASURE HUNT

An exciting treasure hunt at the Château. You will find clues to discover Martin Le Lapin's coveted Templar treasure. An expedition filled with mysteries and surprises for young adventurers.

### HOTELIERS ON STAGE

Whether through the discovery of the surrounding nature, awareness of ethical values, or culinary art, the hoteliers share their know-how with children.
